

# Select A Marketing Agency That Speaks Fluent Healthcare

*We grow revenues and fill the sales pipelines of health IT and medical device companies with proven marketing strategies and programs. Our agency knows how to market to hospital leaders and healthcare executives.*

## Client Successes

a patient registry and client quality management software developer, was successfully acquired after 4 years of working with Clarity Quest as its outside marketing department.

**Services:** marketing strategy, budgeting, online marketing, newsletters, copywriting, email blasts, physician "reach out" campaigns, public relations

makes your EHR and healthcare technology systems smarter, faster, and easier to use. Clarity Quest re-branded the company and created a marketing strategy to grow revenues in the HIE space.

**Services:** branding, strategy, website development, marketing automation, content, PR

an enterprise imaging solutions company, grew revenues by 5x in 18 month after retaining Clarity Quest as its agency of record.

**Services:** marketing strategy, budgeting, marketing automation, content, advertising, SEO, social marketing, and PR

a division of Honeywell, is a system that overlays two-way voice interaction capabilities on electronic medical record systems to improve clinician efficiency and patient care. We are the division's outsource marketing department.

**Services:** marketing strategy, graphic design, web design, online & print advertising, messaging
