# See More Revenue

Identify hidden opportunities on day 1 that result in **10-15% revenue lift – guaranteed!**

Viewgol®

Tired of disjointed reporting tools that fail to deliver a complete picture of what's in your revenue cycle?

Your physician billing system simply isn't designed to analyze millions of rows in seconds.

Gain unparalleled transparency into your revenue cycle, including what your current practice management, EHR, clearinghouse, and data warehouse reporting tools can't deliver.

WHY VIEWGOL?

Viewgol helps RCM leaders identify revenue at risk now and into the future. Get meaningful trends, data, and scorecards that drive results-all updated daily.

5 ways Viewgol can transform your revenue cycle:

1. Prevent denials, mitigate risk, and improve cash flow.
2. Understand the story of your data in context with the help of our BI team.
3. Evaluate the effectiveness of third-party and offshore billing and collection partners.
4. Calculate employee productivity and resource utilization for special projects.
5. Break the cycle of frustration by measuring KPIs that count.

HOW VIEWGOL WORKS
